

MN SPINE AND SPORT

MOVE BETTER. FEEL BETTER. LIVE BETTER.

Your Expertise. Your Autonomy. Your Impact.

Join a team where clinical excellence, autonomy, and patient outcomes define success!

 AWARD-WINNING

CENTER OF EXCELLENCE

Who We Are

MN Spine and Sport is an award-winning chiropractic and rehabilitation clinic located in Woodbury, Minnesota. Led by Dr. Scott Schreiber—a board-certified rehabilitation chiropractor (DC, DACRB, DCBCN) with a Master of Science (MS) and certified as a Certified Nutrition Specialist (CNS) and Licensed Nutritionist (LN), and the distinguished 2018 ACA Rehabilitation Chiropractor of the Year—we've built a reputation for exceptional clinical outcomes and patient-centered care.

Our state-of-the-art facility is equipped with cutting-edge rehabilitation technology, including advanced diagnostic tools and therapeutic modalities, ensuring our clinicians have every resource needed to deliver superior care. Our dedicated team comprises multiple highly-skilled doctors and experienced rehabilitation specialists who work collaboratively. This multidisciplinary approach fosters a vibrant environment of shared knowledge and continuous learning, where every team member is empowered to contribute to patient success.

As a recognized Center of Excellence, we consistently achieve high patient satisfaction scores and demonstrate superior clinical outcomes, setting the benchmark for conservative musculoskeletal care. Our unwavering commitment to evidence-based treatment and outstanding patient experiences has solidified our growth and reputation as a premier healthcare provider in the entire East Metro area. For over 20 years, we've helped countless patients regain function and improve their quality of life.

Expert Team

Our clinic boasts a robust team of highly-skilled professionals, including multiple doctors and experienced rehabilitation specialists, ensuring comprehensive patient care and a rich collaborative environment.

Established Excellence

With over 20 years of dedicated practice, MN Spine and Sport has been a cornerstone of musculoskeletal health in the Woodbury community, building a legacy of trust and excellence.

Specialized Care

We specialize in a broad spectrum of conservative musculoskeletal care, advanced rehabilitation, sports injury management, and clinical nutrition, offering holistic solutions for complex conditions.

Advanced Technology

Equipped with cutting-edge rehabilitation technology, including shockwave, laser therapy and spinal decompression, we empower our clinicians with the best tools for superior outcomes.

Patient-Centered

Our approach is always centered on the patient, prioritizing individual needs, clear communication, and personalized treatment plans to achieve the highest satisfaction and lasting results.

Why We Exist

Move Better

Restore functional movement patterns through targeted rehabilitation

Feel Better

Reduce pain and improve quality of life with evidence-based care

Live Better

Empower patients to maintain active, healthy lifestyles long-term

Our mission is clear: help patients achieve lasting results without unnecessary medications, injections, or surgery whenever possible. Everything we do starts with individualized care and evidence-based decision-making. We believe conservative care should be the first option, not the last resort.

This philosophy guides every treatment plan, every patient interaction, and every clinical decision made in our practice.

The Clinical Difference

At MN Spine and Sport, our clinical difference lies in our commitment to individualized, evidence-based care. We don't believe in a one-size-fits-all approach; instead, we utilize a multi-modal treatment philosophy, employing the right techniques at the right time to achieve measurable outcomes and truly solve patient problems.

 Chiropractic Care Evidence-based adjustments tailored to each patient's condition and goals	 Active Rehabilitation Progressive exercise protocols that restore function and prevent recurrence	 Acupuncture/Dry Needling Integrated needling techniques for pain relief and healing	 Manual Therapy Hands-on techniques including soft tissue work and joint mobilization
 Laser Therapy Class IV laser technology for accelerated tissue healing and pain relief	 Shockwave Therapy Acoustic wave technology to treat chronic pain and promote regeneration		 Spinal Decompression Non-surgical traction therapy for disc-related conditions

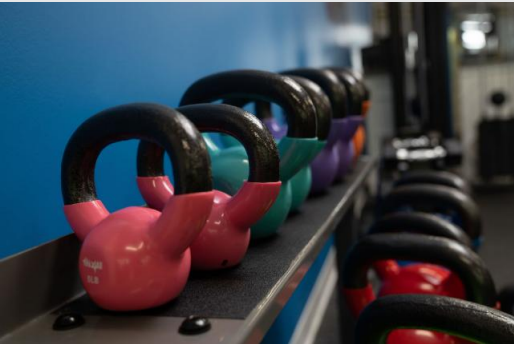

Treatment Ecosystem

Every patient at MN Spine and Sport receives comprehensive, individualized care from their first visit through discharge. We don't rush evaluations or apply cookie-cutter treatment protocols.

 Manual Therapy & Adjustments Targeted hands-on techniques including soft tissue work, joint mobilization, and evidence-based chiropractic adjustments tailored to your specific needs.	 Active Rehabilitation Progressive exercise protocols designed to restore function, build strength, improve mobility, and prevent future recurrence of injuries.	 Laser Therapy Class IV laser technology for accelerated tissue healing and pain relief	 Shockwave Therapy Acoustic wave technology to treat chronic pain and promote regeneration
 Spinal Decompression Non-surgical traction therapy for disc-related conditions		 Acupuncture/Dry Needling Trigger point therapy to release muscle tension and restore function	

Time to Practice the Way Patient Care is Supposed to be!

You'll have adequate appointment times to conduct thorough examinations, explain conditions clearly, and deliver care that addresses root causes—not just symptoms. No 5-minute adjustments here.

This is real rehabilitation—not conveyor-belt healthcare. Care evolves as patients improve, with regular reassessments and adjustments to ensure optimal outcomes.

Clinical Autonomy

You'll have the freedom and support to create evidence-based treatment plans based on your clinical expertise and each patient's unique presentation. We will provide mentorship and coaching to foster clinical excellence and superior communication skills.

DOCTOR FEEDBACK

What Doctors Love About Practicing Here

Our commitment to clinical excellence, professional autonomy, and genuine patient care creates a unique environment where doctors thrive. We empower our team with the resources and time needed to deliver exceptional, individualized treatment.

"The collaboration here is incredible. I can walk down the hall and discuss a complex case with someone who genuinely cares about getting it right."

"My clinical judgment is respected. I'm not following someone else's arbitrary treatment protocols—I'm using my training to help real people."

"I finally have time to build relationships with patients. They're not just faces in a schedule—they're people I genuinely care about helping."

Our associate doctors consistently highlight the professional respect, clinical freedom, and meaningful patient connections they experience. You're not just producing visits—you're building trust, creating outcomes, and practicing medicine the way it should be practiced, free from volume pressure. This culture of collaboration and mutual respect extends throughout our entire team, from front desk staff to senior clinicians.

Mentorship, Autonomy & Growth

We provide structured mentorship without micromanagement. Dr. Schreiber and our senior clinicians are accessible for complex case discussions, technique refinement, and professional development—but you're trusted to lead your own clinical practice.

Structured Onboarding

Comprehensive training on our systems, protocols, and clinical approach during your first 90 days

Ongoing Mentorship

Regular case reviews, technique workshops, and access to experienced clinicians for guidance

Professional Development

Paid continuing education opportunities to expand your skills and certifications

Leadership Opportunities

Clear pathways to clinical leadership and partnership as we expand to multiple locations

Whether you're a recent graduate looking to build confidence or an experienced clinician seeking growth, we'll meet you where you are and help you reach your full potential.

Culture & Values

Our culture isn't just words on a wall—it's the foundation of how we operate, treat each other, and serve our patients. We hold ourselves to high standards and support each other in meeting them.

Integrity

We do what's right for patients, even when it's not the most profitable decision. Honest communication and ethical practice guide every action.

Grit

We tackle complex cases with perseverance and creativity. When something doesn't work, we adapt—we don't give up on patients.

Inclusivity

We welcome all patients and team members regardless of background. Diverse perspectives make us stronger clinicians and people.

Modern Science Approach

Evidence-based practice isn't optional—it's essential. We stay current with research and continuously refine our approaches.

Relationships are Valued

Strong connections with patients and colleagues create better outcomes and more fulfilling careers. We invest in people.

Unsurpassed Experience

We strive to provide an exceptional experience for every patient, from their first contact to their ongoing care journey.

Compensation & Benefits

We believe in investing in doctors who invest in their craft. Our comprehensive compensation package reflects our commitment to attracting and retaining exceptional clinicians.

Competitive Base Salary Industry-leading compensation that recognizes your expertise and training	Performance Incentives Additional earning potential based on clinical outcomes and patient satisfaction
Full Malpractice Coverage We cover your malpractice insurance—no hidden costs or deductions	CE & Certification Support Paid continuing education time and financial support for advanced certifications
Retirement Matching 401(k) with employer matching to help you build long-term financial security	Generous PTO Real time off to recharge, travel, and maintain work-life balance
Vision Insurance Comprehensive vision coverage for you and your family	Dental Insurance High-quality dental care with extensive coverage options
Long-Term Disability Insurance Financial protection for you and your loved ones in case of extended illness or injury	Life Insurance Secure your family's future with robust life insurance coverage

Beyond the numbers, you'll benefit from our investment in cutting-edge equipment, advanced training opportunities, and a supportive environment where you can focus on clinical excellence rather than administrative burdens.

We're committed to creating an environment where talented doctors want to build long-term careers, not just jobs.

Why Woodbury, Minnesota

Woodbury consistently ranks among the best places to live in the United States—and for good reason. This thriving Twin Cities suburb offers an exceptional quality of life for professionals and families alike.

Top-Rated Schools

Award-winning public schools and excellent private education options for families

Outdoor Recreation

Miles of trails, pristine parks, and year-round outdoor activities

Urban Proximity

Just minutes from downtown St. Paul and Minneapolis cultural attractions

Strong Community

Engaged neighbors, local events, and a welcoming small-town feel

Whether you're looking for excellent schools, vibrant arts and dining, or access to lakes and recreation, Woodbury delivers. It's a place where you'll want to put down roots and build a life, not just a career.

GROWTH VISION

Our Future: Expanding With Intention

Our Vision

MN Spine and Sport's vision is to be the leader in modern-day chiropractic and rehabilitation, empowering our community to live fully—with active bodies and confident minds.

MN Spine and Sport is growing—but we're doing it thoughtfully. Our expansion plans focus on extending our model of exceptional care to more communities while preserving the culture and clinical standards that define us.

What Growth Means for You

Leadership Opportunities

Multiple location expansion creates leadership opportunities.

Broadened Clinical Skills

New service offerings broaden your clinical skill set.

Partnership Pathways

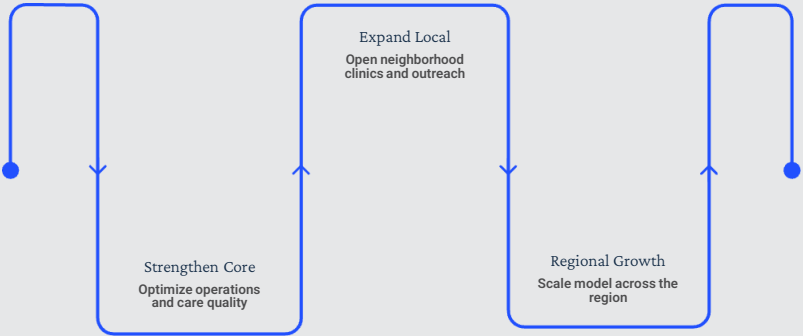

Pathways for doctors who want ownership.

Clinical Autonomy & Quality

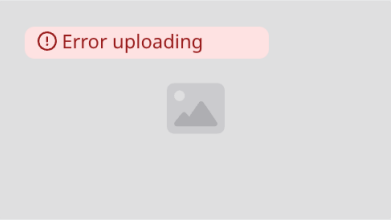

Maintained clinical autonomy and quality standards.

Investment in Growth

Continued investment in technology and training.

We're not chasing growth for growth's sake. Every expansion decision is evaluated through the lens of maintaining our clinical excellence and cultural integrity. You'll be part of building something special—not just working for a growing company.

Ready to Practice Great Care?

If you're searching for a practice where you can grow professionally, be respected as a clinician, and deliver healthcare the way you believe it should be practiced, let's start a conversation.
